The Director is responsible for making sure each area of the food program is in compliance and the wellness policy has been established and enforced within the School. In addition all requests for food or beverage to be served on the campus in any form for the children must be approved by the School's Director.

Community Involvement

Community involvement includes parents, students, and representatives of the school food authority, the Board of Trustees, School administrators, and the public in the development of the School Wellness Policy.

- Policy: The School has addressed the Wellness Policy issue with the parents, Board of Trustees, and staff to determine the best methods for helping the children. The policies in place reflect what all concerned parties believe give the children the best chance for focus, energy, and performance during the day. In addition the policies give parents some assistance in planning for nutrition at home with the student. This policy will be renewed each year after receiving new input from all parties including the Board of Directors, staff, and parents.
